**Iowa
Republicans
now want to
repeal health
care reform.**

**What would
that mean for
Iowans?**

Repeal means

- ***Continued denial of coverage for preexisting conditions***
- ***No new small business tax credits***
- ***Losing your health insurance if you get a catastrophic illness***
- ***No tax breaks to help purchase insurance***
- ***The Medicare prescription drug donut hole continues***

Repeal means

- ***No health insurance for the uninsured, including 300,000 lowans***
- ***Children up to age 26 can't stay on parent's insurance***
- ***No consumer friendly health insurance marketplaces***
- ***No healthcare system based on prevention and wellness.***

**Repeal
would mean
turning the
clock back
on health
care reforms.**

**Repeal
would mean
losing the
economic
advantage
health care
reform has
given Iowa.**

**Repeal
would be a
disaster for
Iowa
families.**
